Subject Choices for the IB Diploma Programme

Anders Hjelm

DP Coordinator

10 Reasons

why the IB Diploma Programme (DP) is ideal preparation for university

1

It increases academic opportunity

Research* shows that DP graduates are much more likely to be enrolled at top higher education institutions than entrants holding other qualifications.

2

IB students care about more than just results

Through creativity, action, service (CAS) you learn outside the classroom and develop emotionally and ethically as well as intellectually.

3

It encourages you to become a confident and independent learner

For example, the extended essay requires independent research through an in-depth study.

6

The IB encourages critical thinking

Learn how to analyse and evaluate issues, generate ideas and consider new perspectives.

5

Graduates are globally minded

Language classes encourage an international mindset, key for increasingly globalized societies.

4

It's an international qualification

The DP is recognized globally by universities and employers.

7

DP students have proven time management skills

Take good study habits and strong time management to further education and the working world.

9

Subjects are not taught in isolation

Theory of knowledge (TOK) classes encourage you to make connections between subjects.

10

It encourages breadth and depth of learning

You are able to choose courses from six subject groups and study subjects at different levels.

8

It assesses more than examination techniques

Learn to understand, not just memorize facts or topics and prepare for exams.

The Diploma Programme Curriculum

The curriculum contains six subject groups and a core of three parts.

Students study concurrently:

- 3 higher level subjects**
(240 hours each)

- 3 standard level subjects**
(150 hours each)

- 3 Core Components**
(TOK, EE, CAS)

DP Assessment

IB assessment is rigorous, criterion related, consistent and differentiating of student ability.

Exams in May

The Diploma is graded over **45 points**.

Marks awarded for each course range from **1 to 7**.

Results 6 July

A maximum of **3 bonus points** are awarded for TOK and EE combined.

In-house assignments: internally/externally assessed are 20 – 50 % of final grade
