

INFORMATION FOR EOTC – FAQ

Can I take electronics?

No – the camp leader may designate a student photographer who wants to take a GoPro or similar but no phones, tablets, speakers, headphones etc etc permitted.

Any contact with your parents will be done via the camp leader and the school.

What standard of clothing can I wear?

Clothes must be neat, tidy and practical and not ripped or torn in any way. It must be respectful of Indonesian culture.

Think school dress code for Gr 11/12 but you do not need a collared shirt:

- Shoulders covered
- Shorts no more than 10cm above knees, skirts knee length
- No underwear on display
- One piece swimwear (rash shirt highly recommended)

You will require closed shoes for all travel and activities but may have flip-flops for around the campgrounds.

Do I need specialist equipment?

No – activities are designed to be doable in PE clothes and sports shoes. Any specialist equipment (life jackets, harnesses, tents, sleeping gear etc) will be supplied. You are welcome to bring anything you feel will enhance your participation in activities (eg. Own facemask if snorkeling) but all items must be carried by that student.

Can I take snacks?

Yes. Make sure they are not perishable, packaged so that insects can't get to them and ensure they do not create unnecessary waste.

Highly recommend healthy snacks (dried fruit, nuts) as opposed to lollies/candy.

Can I choose my tent mate/s?

Teacher I/C of the camp will allocate tenting based on student numbers and ensuring the best outcomes for all camp participants.

Can I go to other friends' tents?

NO! Tents are for sleeping and resting and are only for the occupants of that tent. A shared area will be determined by camp staff if you wish to socialize.

What time do I have to go to bed?

Camp leaders, according to year group and the level of activities involved and rest required, will determine this. Students will be given a time to be in their tents and a time for lights out/quiet.
