(visit from immigration)

Recently we have had instances of children as young as in the primary years programme accessing inappropriate websites at home on their devices. We would like to help you monitor, and control, your child accessibility to inappropriate sites by

recommending [Google Family Link](#). This free app can help you control, monitor and limit screen time etc and is an extremely powerful app from a parental perspective. Please do consider using this to help protect minors, your children, from such websites. If you need any further advice, please speak to our IT department who can provide further advice on safeguarding your children.

(Primary Spirit Week)

We continue to receive some wonderful suggestions and feedback from our PCD (Parent Communication Delegates) group.

One of the parent requests fits in very well with our [Core Values](#) in that it is about being Principled and Caring. The request from parents, which BIS wholeheartedly supports, is that when parents are waiting in the car park, if you are not actually in your car, please switch off your engine and avoid unnecessary car idling and pollution. Thank you for supporting your fellow parent requests.

IISSAC 2023 - Testimonials

- This IISSAC was a unique and special experience. It was so memorable in so many different ways such as meeting new people from other schools, as well as enjoying the cheerful spirit of the event. IISSAC has allowed me to step out of my comfort zone as a leader, and has motivated me to put my best effort into everything I do for the team, and our Bali cheers and chants are by far the best part, they never get old. Overall, IISSAC is more than just a tournament, it brings schools' together to create new friendships and unforgettable experiences.
- IISSAC 2023 was definitely a highlight of my year. From supporting one another during matches, to sharing boba late at night, to getting ready for the banquet together, the team became a family. The coaches were truly amazing, making us feel safe and cared for. The hotel was also beautiful with a lovely breakfast and the most comfortable beds ever. Overall, this IISSAC was an amazing experience and I will treasure the memories forever.
- It really changed me as a student. It taught me that my team always comes first and no matter what, give it my all. I was very sick during the

trip which really upset me, but I was able to recover and play my very best for my school when it mattered most which was very memorable for me

- IISSAC Football 2023 will be an unforgettable memory for me. I have seen a huge improvement from our team compared to last year and the chemistry behind it. It was a great time to bond with my teammates and get to know my limits and challenges.

- The IISSAC experience was always memorable for me, even though Surabaya was super hot, all the matches were fantastic, players played well, also the photo booth in the banquet was amazing.
- For me, this was my first football IISSAC trip. Though unfortunately, we did not bring the trophy back, looking back on all the moments we had during the tournament I feel proud. I can particularly remember Saturday, which was a bad day for us. I felt the team really came together because after each loss and feeling beat down we had to bring ourselves back up and come together as a team. This led into Sunday where after we lost all day on Saturday we won that quarter-final game which felt super good. That semi-final game was our best game all tournament and slipped by us with an unlucky free kick. Overall I feel accomplished and through all the training and the tournament, I learnt a lot, not just about football but also what it means to be in a team with other people and how competition is. It will be something to carry for the rest of my life and I am grateful for that.

- IISSAC Soccer 2023, was the most memorable experience. Although we faced a tough loss in the semifinals, this experience taught me valuable lessons about resilience, teamwork, and the importance of team spirit.
- My personal experience in IISSAC was I learned new things like all players in IISSAC were big and they all are so strong. One thing that I liked in IISSAC was that I can hang out with my friend to play football together.
- As a new student in this school, it was a great experience to be able to bond together as a team with other students that are in different grades. Personally, being able to play one of my favourite sports by being selected and representing the school, it was such a wonderful memory that I would not be able to forget. I would like to thank all the coaches who have guided us throughout this journey.

- IISSAC football was a very exciting experience as I got even closer to my teammates as we supported each other throughout the trip and especially during the games where we would cheer as loud as we could. I also got to meet other students from other schools as we conversed during the banquet.
- AMAZING. LOVED the hotel, experience, matches, food, coaches, teammates, and MANY MANY MORE! This was my 3rd IISSAC (Football & Basketball) and so far it is THE BEST IISSAC I have ever experienced.

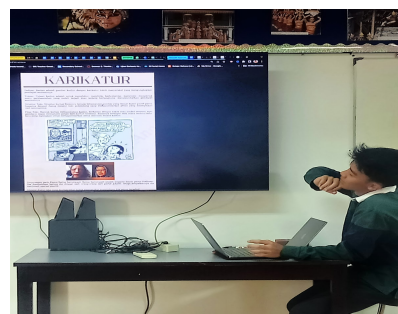

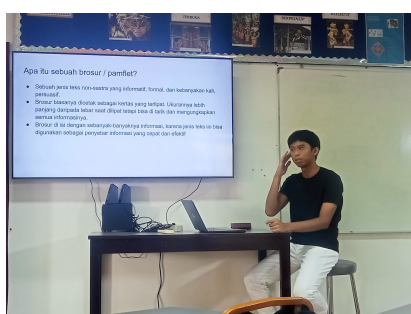

- IISSAC was an amazing experience; even though we didn't win, I was able to grow closer with many of my peers and teachers as well. We arrived in Surabaya as a team and left as a team. My team was like my family. We cared for one another and grew together. Our coaches were extremely supportive and encouraging throughout the whole experience.

- IISSAC Football 2023 has truly been one of the most rewarding experiences that I have been part of. The passion we collectively share, the journey we have taken, the love and support that we have for each other has been exemplified in the football that we played. The entire IISSAC experience has given me the opportunity to grow as a person, a learner, an athlete and will forever shape my time and relationships at BIS.
- My experience this year definitely tested me. It really tested my resilience as I was sick and injured. I just had to go out and play as hard as I could. Every member of the team was struggling but we still went out and gave it our all. This year was an emotional one looking back at the bonds created from previous years of IISSAC and it truly touched me. Talking to old coaches and players it made me realise how connected we all are because of this competition. The IISSAC Football teams I have been a part of over the years will forever be family.

Masalah Sampah di Bali

Bali adalah pulau yang indah, tetapi ada masalah besar, Bali mempunyai ada sekitar 19,45 juta ton sampah di seluruh daerah Bali.

Sekitar 50 persen sampah berasal dari tiga wilayah di Bali yaitu Denpasar, Badung, dan Gianyar. Setiap tahun ada sekitar 1 juta ton sampah yang terdampar di pantai Bali, masyarakat dan wisatawan menghasilkan sampah sebanyak 915,5 ribu ton sepanjang tahun 2021. Sekitar 100 ribu hewan mati karena sampah plastik di Bali.

WisatawanWisetawa memproduksi sampah plastik 3,5 kali lebih banyak per orang dibandingkan lokal. Sampah di Bali banyak yang datang dari Pulau Jawa, angin dari Pulau Jawa membawa sampah ke sungai, dan akhirnya banyak sampah ke laut Bali dan terdampar di pantai. Masyarakat Bali membuang sampah sembarangan karena kurang kesadarankesederhanaan dan kepedulian. Alasan ini menjadi salah satu penyebab banyaknya sampah di Bali. Banyak organisasi bekerja bersama dengan masyarakat untuk membersihkanmembersihkan sampah yang terdampar di Ppulau Bali. Dengan menggunakanmenggunakan beberapa beberapa peralatan besar seperti traktor dan peralatan kecil seperti penjepit bambu. Organisasi ini bukan hanya euman membersihkanmembersihkan di area pantai tetapi juga di sungai, di jalan raya, dan di tempat pembuangan sampah yang ilegalilegal.

Sampah-sampah yang dikumpulkankumpulkan akan dipisahkandipisahkan sesuai jenis materialnya seperti plastik, kain, karet, kertas. Sampah yang tidak bisa di daur ulang akan di kirim ke tempat pembuangan akhir. Minggu lalu ada kebakaran besar di TPA Suwung, Denpasar. Kebakaran ini terjadi karena kekeringan di tempat pembuangan akhir jadi jadi kecil dapat meningkat menjadi kebakaran besar.

6 Provinsi Alami Kebakaran Hutan Terparah Tahun Ini

Provinsi Riau, Jambi, Sumatera Selatan, Kalimantan Barat, Kalimantan Tengah, dan Kalimantan Selatan adalah provinsi yang terkena kebakaran hutan di Kalimantan. Kebakaran di Kalimantan mencakup menyempai 135 ribu Hektare. Saat 31 Juli kebakaran sudah menyempai 71 Ribu hektare. Warga-wargawarga di provin yang terkena kebakaran hutan sedang mencari perlindungan.

Meskipun kKebakaran berdampak 135 ribu hektare, asapnya luar biasa kareapiunya juga besar. Apinya bisa padam dengan cepat tetapi asapnya yang sangat sus untuk dihilangkan. Provinsi Riau terdampak dengan kebakaran hutan dan menyelimu kota Dumai dengan asap. Asap di Kota Dumai juga dipengaruhi adanya uap air pada pagi hari. Seiring dengan naiknya matahari, kabut asap bakal menjadi tipis. Salah satu penyebabnya adalah luasnya kelas lahan yang terbakar karena fenomena baru. Menurut Kepala Seksi Data dan Informasi Badan Meteorologi Klimatologi dan Geofisika (BMKG) Pekanbaru, Marzuki, jarak pandang di Kota Dumai pada Rabu pag (20/3/2019) hanya dua kilometer. Pada Selasa pagi, 19 Maret 2019, ada 156 titik panas. Kemudian pada Rabu (20/3/2019) meningkat menjadi 165 titik panas. Menurut Marzuki, titik panas naik karena ada sedikit hujan dalam beberapa hari terakhir sangat kecil. Ditambah lagi cuaca panas yang membuat lahan mudah terbakar. Selain itu, kabut asap di Riau juga mengancam provinsi tetangga seperti Sumatera Utara dan Jambi. Pasalnya tiupan angin dari timur laut dan utara membawa asap ke arah selatan dan utara, dan membuat jarak pandang sangat kecil.

Marzuki menjelaskan, curah hujan minim karena adanya badai tropis Savana serta Veronica di sekitar tenggara Sumatera. Ditambah lagi badai tropis di perairan Australia yang berpengaruh terhadap cuaca di Sumatera.

Setidaknya 66 orang tewas dan 60.000 orang mengungsi dalam banjir terburuk di wilayah tersebut sejak banjir tahun 2007.

Banjir bandang telah terjadi karena curah hujan yang tinggi semalaman berimam di Jakarta. Peristiwa buruk ini dimulai dini hari tanggal 1 Januari pukul 18:30 WIB hingga pukul 12:00 WIB tanggal 2 Januari. Lebih dari 397.000 penduduk telah dievakuasi ke tempat yang lebih tinggi sejak ketinggian air mencapai puncaknya sangat tinggi. Struktur Cerita Pada Cerpen

Struktur dalam cerpen atau cerita pendek adalah susunan elemen-elemen yang membentuk cerita keseluruhan. Struktur cerpen terdiri dari beberapa bagian yang harus disusun dengan baik agar dapat dinikmati oleh pembaca. Berikut ini adalah penjelasan tentang struktur dalam cerpen:

- 1. Abstrak**
Pada bagian abstrak cerpen, kamu bisa memperkenalkan tokoh-tokoh utama dalam cerita. Penulisan abstrak pada cerpen biasanya digunakan sebagai pelengkap cerita saja sehingga bersifat opsional.
- 2. Orientasi**
Pada bagian orientasi cerpen, kamu dapat menggambarkan latar cerita seperti gambaran tempat dan waktu, serta masalah atau konflik yang akan dihadapi oleh tokoh utama. Kamu juga bisa membangun tensi atau emosi yang dirasakan oleh tokoh dalam cerpen tersebut.
- 3. Komplikasi**
Pada bagian komplikasi, kamu bisa menjelaskan tentang awal mula pengalaman tokoh menghadapi suatu masalah yang dihadapi. Pengalaman ini juga termasuk watak dari tokoh dan urutan kejadian yang berhubungan dengan sebab akibat dari permasalahan.

- 4. Evaluasi**
Pada bagian evaluasi, puncak dari ketegangan dan konflik dalam cerita digambarkan secara jelas. Jadi, kamu harus menggambarkan suasana dan perasaan tokoh utama dalam memproses konflik tersebut. Penulisan aspek ini bertujuan agar pembaca menemukan jawaban dari pertanyaan-pertanyaan yang muncul pada bagian awal cerita.
- 5. Resolusi**
Pada bagian resolusi cerpen, kamu bisa menuliskan situasi di mana konflik mulai mereda. Pada bagian ini, tokoh utama secara bertahap mulai menemukan jalan keluar dari masalah. Maka, kamu bisa menuliskan pembongkaran atau penjelasan dari beberapa kejadian yang masih menjadi misteri bagi pembaca.
- 6. Koda**
Koda merupakan bagian di mana kamu sebagai penulis bisa menyampaikan pesan moral yang dapat diambil oleh pembaca.

Cara Menulis Cerpen untuk Pemula

Sebagai langkah awal cara membuat cerita pendek untuk pemula, sebaiknya kamu menyisihkan waktu khusus untuk menulis. Hal ini karena, pengerjaan membutuhkan beberapa tahapan proses yang cukup panjang sebagai berikut.

- 1. Menentukan tema atau ide cerita**
Pilih topik yang menarik untuk kamu atau ide-ide seperti pengalaman yang ingin dibagikan kepada pembaca. Pikirkan juga pesan atau moral atau nilai-nilai yang ingin kamu sampaikan melalui cerpen.
- 2. Membuat karakter**
Ciptakan karakter-karakter yang akan membangun keseluruhan jalannya cerita. Berikan nama, watak atau karakterisasi, dan juga latar belakang tokoh yang membuat mereka menarik dan mudah diingat.
- 3. Buat kerangka atau plot cerita**
Atur alur cerita dengan menggambarkan kejadian-kejadian penting yang terjadi. Tuliskan titik poin ketika konflik muncul, permasalahan terjadi, serta resolusi kunci dari permasalahan tersebut.

- 4. Deskripsikan suasana dalam cerpen**
Gambarlah latar tempat dan suasana yang ada dalam cerita dengan menggunakan kata-kata dan kalimat yang deskriptif. Kamu juga bisa menghubungkan latar dan suasana dengan karakteristik atau kondisi tokoh.
- 5. Menentukan sudut pandang**
Sudut pandang adalah cara penulis memposisikan diri dalam penulisan kisahnya. Dalam proses melahirkan suatu karya fiksi cerpen, sudut pandang digunakan dalam menampilkan penokohan dengan gaya yang diinginkan penulis.

Sederhananya, sudut pandang berupa cara kamu dalam penyebutan tokoh pada cerita. Kebanyakan penulis menggunakan sudut pandang orang pertama seperti penggunaan subyek "saya" atau "aku" dalam menyampaikan cerita.

Ada pula penulis yang menggunakan sudut pandang orang ketiga dengan menyebut subyek "mereka" atau "dia" untuk menyampaikan cerita.

KORUPSI DI INDONESIA

KASUS KORUPSI INDONESIA

Presiden Soeharto

Soeharto (Juni 1921 – 27 Januari 2008) adalah Presiden mantan kedua Indonesia yang menjabat dari tahun 1967 sampai 1998, menggantikan Soekarno. Dengan berbagai kontroversi yang terjadi, ia sering juga disebut sebagai otoriter bagi yang berseberangan dengannya (Wikipedia).
