Future dates for the diary:

- February 08th; school closed, Isra Mi'raj Nabi SAW
- February 14th; school closed for election day
- February; Monday 26th-Friday March 01st, school closed for students only (Thursday 29th February and Friday 01st, staff on campus for professional development)
- Please see the calendar [here](#)

MESSAGE FROM THE HEAD OF SCHOOL

By Mike Miller

Recall-February 14th: This has now been deemed an election day and school will be closed on this day, Wednesday February 14th, 2024. This is an additional day off which would not have been on the original calendar.

(Dragon Wisdom : Alumni Unleashed)

Food providers: please note that Asian Pantry, Tisna Kitchen and Fun Bites have updated their menus.

Recall-food deliveries-campus security and classroom disruption: I am currently exploring solutions and potential alternatives, however,

meanwhile, in accordance with what our parent-student handbook currently states, 5.8, “outside deliveries of food are not permitted, including deliveries from home”. Therefore, please be aware that as of January 08th, to uphold this direction, until we can find an alternative solution, we will not permit any external food deliveries to be delivered to school. The only exception are the registered food delivery providers who are signed up to BIS. This will help us maintain security at lunchtime as our Satpams are currently being distracted from their duties with food delivery orders, creating security risks. Additionally, as previously stated, this includes home deliveries. The reason being is that we have had an upsurge in food deliveries from home with parents and drivers coming onto campus before lunch. The presence on campus at that time

is distracting for many classes and students, and also increases security risks. Therefore, please do respect what the handbook already states and either, send your child with a packed lunch, or, use the pre-approved food suppliers. Thank you so much for helping us maintain our security levels. As stated at the beginning of this message though, I am engaging in dialogue with community members to look for solutions and will report back if and when we can make any changes.

Food Court tender; as previously advised, I wish to open up our food court to tender for the academic year 2024-25. Interested food providers and businesses should firstly express their interest by sending me a PDF copy of their business registration document/certificate and put "Food Court Yard Tender" as the subject of the email, and send it to headofschool@baliis.net by Friday 19th January. Upon receipt of this interest, I shall share the Google application form which details all the necessary information required for candidates to submit a tender.

Closing date for submission of a tender is Friday 09th February.

(grade 5 EOTC)

Scholarships for school year 24-25: shortly, we will be accepting applications for scholarships for the next academic year. We have two types of scholarship available for next year, Academic and Leadership. Secondary students (current Grade 6 upwards) are eligible to apply. We are currently revising the application criteria and application process and will be in a position to be fully open for applications shortly.

A vibrant poster for BIS Book Week. The background is a dark blue night sky with white stars and stylized blue clouds. In the center, the text "BIS Book Week" is written in large, bubbly, orange letters with a white outline. Below it, "Primary & Secondary!" is written in a similar style. Several open books are illustrated: one large book is open at the bottom, with two smaller open books floating above it, and a closed book is in the top right corner. The bottom of the poster has a solid orange background.

BIS
Book Week
Primary & Secondary!

15 - 19 January 2024
Book Fair : 17 & 18 January

Celebrate Book Week with daily reading activities including the Mother Tongue Picnic, Book Fair, Living Library & Book Character Parade!

The Primary Library Window Decorating, Bookmark Design Competition, and Class of 2024 legacy quote will take place January 8 - 12

LOCATIONS:

Living Library & Author Visits in the MPR
 Mother Tongue Picnic in various locations (TBA)
 BOOK FAIR in the Library
 Whole School Assembly in the covered court

ATTENTION! CALLING ALL BIS BIBLIOPHILES!

I read, you read, we all read on vacation! Take a selfie or have your picture taken while reading in a unique location. Send your photo submissions to ejohnson@baliis.net or mphinney@baliis.net and be featured in a special presentation during Book Week. Kudos to all of you for your amazing reading habits! Keep up the good work!

PTA

Happy New Year!

Welcome back to term 3 and welcome to our new BIS families.

Please note that next week's PTA meeting will be held in the afternoon rather than the morning.

Make and sell your own products at the
2024 Bali Island School

YOUNG ENTREPRENEURS MARKET!

**FRIDAY 2ND FEB
FROM 2:54PM
IN THE MPR**

TAP BELOW TO REGISTER
REGISTRATIONS CLOSE FRIDAY 26TH JAN

Registrations are now open for the 2024 Young Entrepreneurs Market

Friday 2nd February from 2:45pm in the MPR

This is an opportunity for our entrepreneurially minded students to create and sell their own handmade products or services and operate games.

Tap here for more info and to register your student's stall 

CLICK HERE

Upcoming Events

- Book Week - 15 - 19th Jan  Students are invited participate in a character costume parade on Friday 19th where they dress up as a book character.
- Young Entrepreneurs Market - 2nd Feb  Students can register to make & sell their own handmade products.
- International Day - 8th March  All parents will be organised into groups based on your home country and have the opportunity to feature a stall at the event.

We'd  your feedback

on the PTA Events & Initiatives!

Dragon Wisdom : Alumni Unleashed

On Thursday, the very first Dragon Wisdom : Alumni Unleashed took place at Bali Island School. Ten esteemed alumni from the Class of 2021, 2022 and 2023 joined us to share their unique experiences of adapting to university life, cultural shocks and living in a new environment. Our alumni (Adrien, Amieca, Anastasia, Anton, Cintya, Jiyoung, Josephe, Manon, Uliana, Yasemin) provided invaluable guidance, offering a wealth of knowledge to our current DP students eager to embark on their own journeys. Their diverse stories, ranging from cultural adjustments to academic excellence, created a vibrant tapestry of shared experiences.

A heartfelt thank you to our alumni for their generous contributions, making Dragon Wisdom a memorable and enriching event for all.

Dragon wisdom photos

BIS Dragon FIRST Tech Challenge Depok Jakarta robotics competition

Lights, camera, STEAM! Science, technology, engineering, arts, and math (STEAM) inspire big ideas, bold action – and creativity. Our skills make it possible to create art and experiences that bring us together, entertain us, and move us. During our 2023-2024 arts-inspired robotics season, FIRST® IN SHOWSM presented by Qualcomm, we will celebrate the roles our STEM skills play in the arts and design and build a world of endless possibilities.

It's way more than building robots. FIRST Tech Challenge teams (up to 15 team members, grades 7-12) are challenged to design, build, program, and operate robots to compete in a head-to-head challenge in an alliance format. Guided by teachers coaches, and mentors, students develop STEM skills and practice engineering principles while realizing the value of hard work, innovation, and working as a team. The robot kit is reusable from year to year and can be coded using a variety of levels of Java-based programming. Teams design and build robots, raise funds, design and market their team brand, and do community outreach to earn specific awards. Participants are eligible to apply for \$80M+ in college scholarships. Each season concludes with regional championship events and an exciting FIRST Championship.

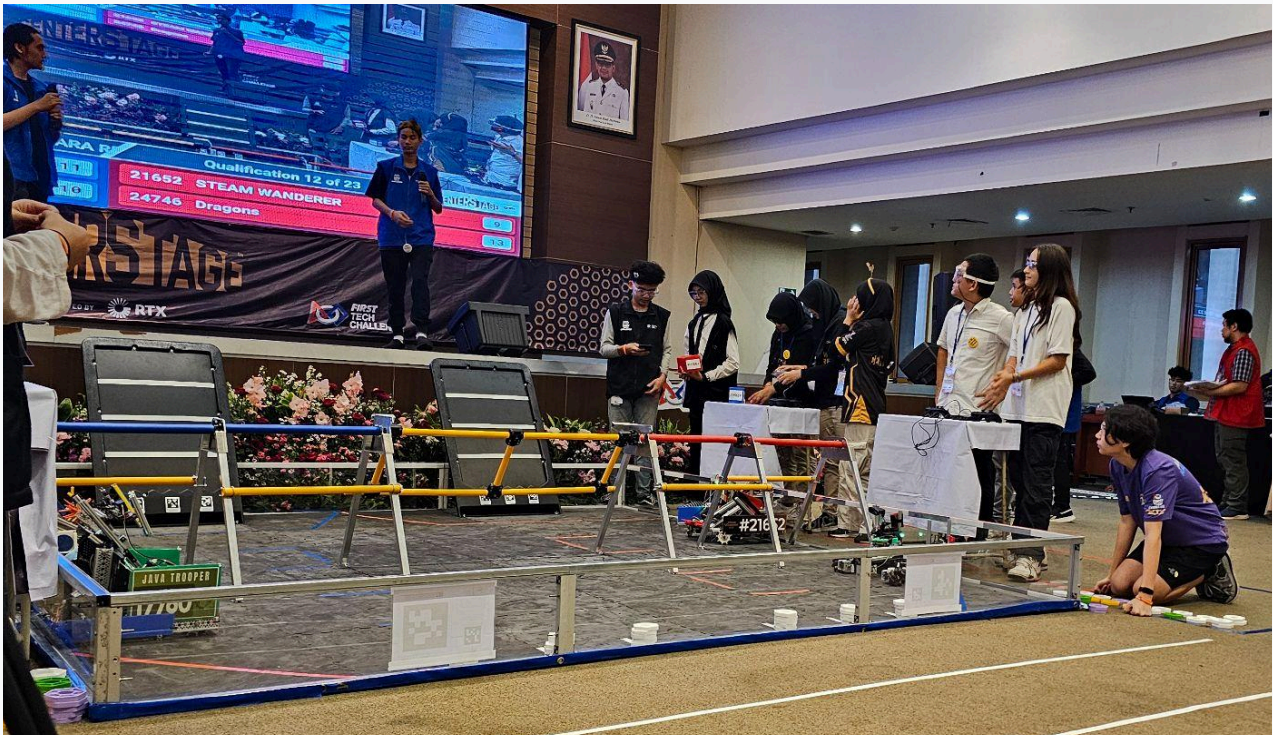

Over the past month, the BIS Dragons, the robotics team, prepared to participate in the IFR Nusantara Regional robotics competition. Students had to design, build, and program a robot for a specific task, presented every year at the beginning of the season. This year, Indonesia organized its first official tournament with 15 teams from Indonesia, Malaysia, and Kazakhstan. The robot had to be pre-programmed for the first 30 seconds of the game, using sensors, vision recognition, and elements of artificial intelligence - AI. This was not an easy task, also, when we had less than 2 weeks to prepare for.

Despite the fact that we receive the robot parts very late in the season, and with only two weeks before the break, students meet during the holidays and continue to work and practice on the robot. We had some visitors from our local community, and we would like to develop a partnership with them further.

After the qualification games, our team ranked 6th out of 15 teams. This is a great result for our team and school, especially since it is the first time we are participating in this kind of event.

During the competition, students made new friends and new connections, and they learned more about engineering and collaboration, as their alliance partner from one game, later on, was their opposing alliance.

As the competition is more than robots, there is a judging element, at which each team prepares an engineering notebook describing all the steps of their journey, their design, building, and programming process, and any other relevant information about the team and their journey to get there. We are honored to be awarded the Connect Award.

Connect Award

Connecting the dots between community, FIRST, and the diversity of the engineering world.

This judged award is given to the team that most connects with their local science, technology, engineering, and math (STEM) community. A true FIRST team is more than a sum of its parts and recognizes that engaging their local STEM community plays an essential part in their success. The recipient of this award is recognized for helping the community understand FIRST, the FIRST

Tech Challenge, and the team itself. The team that wins the Connect Award actively seeks and recruits engineers and explores the opportunities available in the world of engineering, science, and technology. This team has a clear team plan and has identified steps to achieve their goals.

We want to express our gratitude and appreciation to everyone who supported us in this journey. We want to mention a few key people: Mr. Miller, Ms. Phinney, Mr. Andy Jun Bautista, Mr. Joe Vilorio, Ms. Lutfin, Ms. Indira, and Ms. Ari, and some key students who went above and beyond to help our team like Timur and Nour, and last but not least the BIS board of directors, Ms. Ayu, Mr. Sinaga and Mr. Wisesa, who approved the budget for the team to purchase the necessary materials and robot parts.

Now, in the grade 8 Design class, students have the opportunity to learn more about robotics during their classes.

Parent Workshop: MYP Curriculum & Assessment

This workshop will introduce the concept-based, inquiry-driven MYP curriculum framework used at BIS and will familiarize parents with why and how we assess students using the MYP subject criteria.

If you are new to parenting a child in the MYP, please join us for a hands-on exploration of MYP curriculum and assessment!

The poster features a blue header with the Bali Island School logo and accreditation icons. The main title 'CURRICULUM' is written in large, light blue, hand-drawn letters. Below it, 'Introduction to the MYP' is underlined with a blue line, followed by 'and Assessment' in bold dark blue. The event details 'Parent Workshop', 'January 22, 2024', and '1:45 - 2:30 p.m. @ BIS Library' are listed in grey. A hand holding a blue marker is shown on the right side. The MYP Coordinator's name is at the bottom right.

IXL for Grades 3 - 5

Dear Parents,

We are excited to introduce you to IXL, an innovative online learning platform designed to support your child's education. IXL offers a personalized and engaging learning experience that aligns with our curriculum. With a vast array of interactive exercises, real-time feedback, and comprehensive skill-building resources, IXL helps reinforce classroom learning and fosters independent study habits.

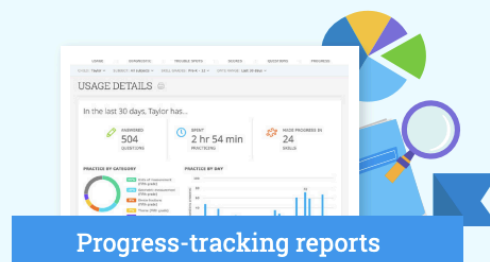

Learn with IXL at home!

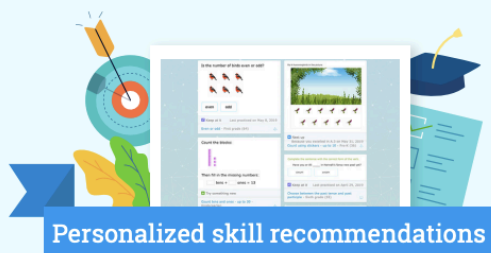

We're using IXL to support our curriculum this year, and your child has access to this online program at home. With thousands of skills that match what we're learning, as well as insights into student progress, IXL is a great resource to help your child excel.

Unlimited practice in 8,000+ skills

Progress-tracking reports

Personalized skill recommendations

Certificates and awards

IXL MOBILE APPS

Available for iPad and iPhone, Android Tablets, and Kindle Fire!

If you don't have your child's log in details yet, please contact your homeroom teacher. Please keep all log ins safely somewhere at home.

IXL is accessible from various devices, allowing your child to learn at their own pace and convenience, whether at home or on the go.

TOP WAYS TO USE IXL AT HOME

1

Explore personalized skill suggestions

Encourage your child to visit their Recommendations wall for helpful review or new challenges—it's full of skills picked just for them!

2

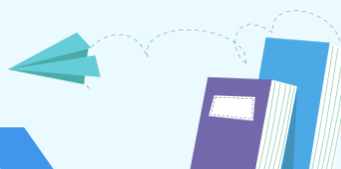

Stay in the loop

Sign in to your child's account and click on Analytics to see what they've been working on and take a peek at their progress.

3

Celebrate your child's accomplishments

Want to receive certificates whenever your child reaches a milestone? Sign in, click on their profile icon, and enter your e-mail address under "Profile & settings".

SMARTSCORE CORNER

What is IXL's SmartScore?

The SmartScore is the best possible measure of how well your child understands a skill! It factors in question difficulty, answer accuracy, and consistency.

You can adjust SmartScore goals as you go

Aim for 80 or 90, which shows a strong understanding of a skill. For an extra challenge, try for mastery (a score of 100).

The SmartScore is not a percentage score

Unlike percentage-based scoring, the SmartScore is truly smart. Even if a student gets a question wrong, it's always possible to reach a 100.

Taking breaks is always okay

If your child needs to pause their practice, they can always return to a skill later—all progress will be automatically saved!

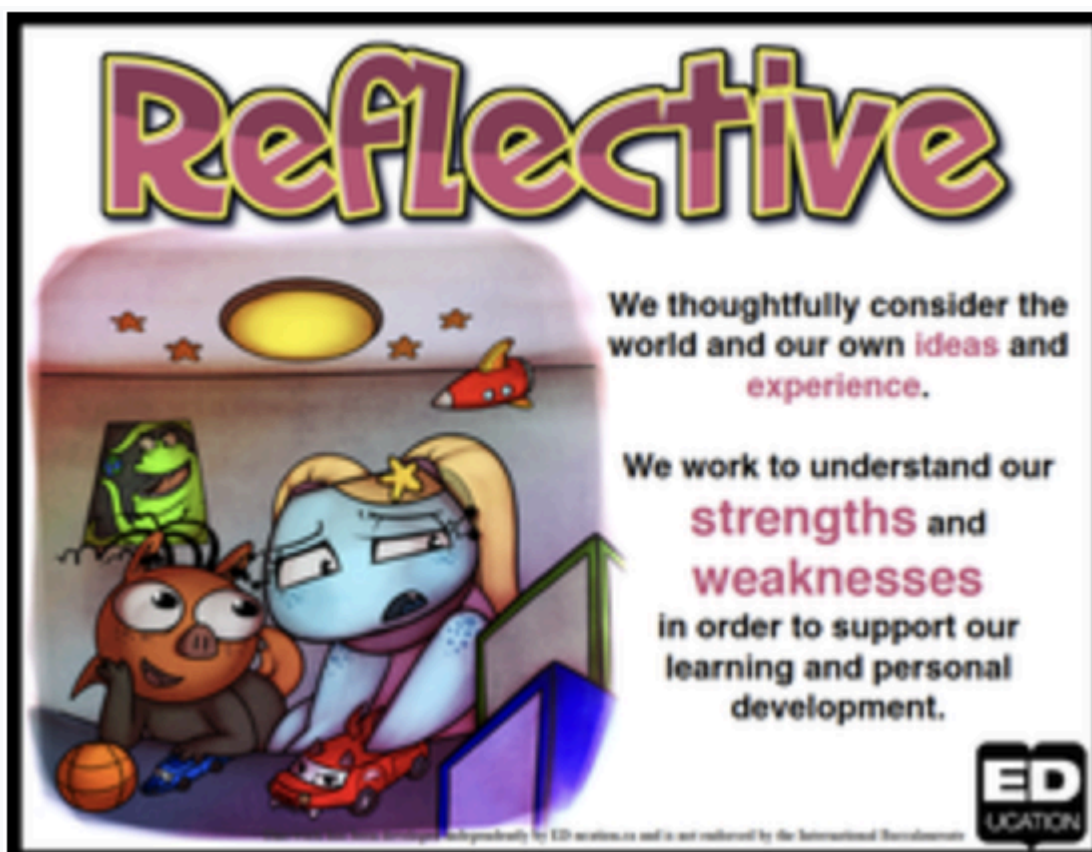

We encourage you to explore IXL with your child and witness the benefits firsthand. Together, we can empower them to excel academically and develop a lifelong love for learning.

Best regards,
Nadia Demolder
PYP Coordinator

Dear Primary School Families,

As we begin 2024, I wanted to take a moment to congratulate all of the wonderful successes that our community has achieved so far in school year 2023/24..

It has been a wonderful journey exploring the world of knowledge as we reflect on the first semester with your children through the Primary Years Programme (PYP), and we are grateful for your ongoing support in fostering a love for learning. As we move towards the second half of our academic year it is a wonderful time to build on the learner profile attribute of reflective.

I highly encourage you to take a moment to reflect on your own ideas and experiences over the last six months. What accomplishments have you made, what was challenging and what are your goals as we begin 2024.

As I reflect on the year so far, here are a few accomplishments:

- Successful orientation of new families, students and teachers into the BIS community
- Wonderful events organised by our PTA including the Holiday Fair and the Meet the teachers evening
- Several student led initiatives such as Spirit Week, the Halloween Disco and Movie nights
- Parent workshops on the PYP and on Social Emotional Learning
- Students taking action to make our school a better place through reviewing playground essential agreements and purchasing playground equipment
- Outstanding unit celebrations and assemblies celebrating student learning
- Three Way conferences that fostered constructive communication between teachers and families
- Students reflecting on feeling safe and cared for in our community

Areas that we will continue to work on are:

- Refining our communication process to enhance family involvement
- Increasing the use of our Toddler portfolio to document and share learning more effectively with families
- Finding ways to increase parental involvement through workshops and visiting classroom
- Balancing the wellbeing of our teachers and students with the high expectations we have

Take time with your family this week to celebrate successes and identify goals whether they are personal, social or academic.

Warm regards,

Nadia Demolder
PYP Coordinator

Headlice Screening Next Week

Dear BIS Parents,

A routine screening for head lice and nits is planned for all BIS Primary school students and Grade 6 students next week. Parents will be notified if there is any follow up to be done after the screening.

You may consult our school nurse if you need guidance on how to eradicate head

lice. If head lice are found, we will ask that you please keep your child home until all the live lice and nits are removed. We will ask you to follow a prescribed procedure given to you by the school nursing staff. When the children return, the nurse will check them again before allowing them to return to classes. This coordinated approach will help us to safeguard all BIS students.

If you do not wish for your child to be checked for head lice at school, please contact the school nurse immediately. Please know that if this is the case, you will need to make arrangements for a registered doctor to verify that your child is free from head lice prior to attending classes.

If you need more information about head lice please contact the school nurse at 081 338 70 2000 or nurse@baliis.net

Warm regards,

Ibu Surya – School Nurse

Bali Island School

Fun-filled Celebration at Preschool A Explores Emotions in Many Ways!

Before the end of semester 1, Preschool A threw a fantastic celebration all about feelings and expressions. The little ones showcased their talents in art, words, sounds, dance, facial expressions, and music, making it a joyful event for everyone involved. Colourful artworks covered the walls, showing how the students see different emotions. From happy smiles to thoughtful moments, their paintings made the place lively and full of emotions. The students also shared their emotions through simple words or phrases. It was amazing to see how well they could express themselves using words, proving that even small voices can say big things. The celebration had some singing and music performances, bringing a lot of energy to the event. The little performers took the stage, showing off their skills to follow the beats and making everyone tap their feet. The students twirled and jumped, expressing all sorts of feelings through their movements. It was a reminder that sometimes, you don't need words to show how you feel. There was even a fun emotion charade show where the students learned about emotions through facial expressions. From big grins to surprised looks, their faces told stories without saying a word. Parents and teachers praised the preschool for helping kids understand and express their emotions in such a creative way. The celebration not only let the kids have fun but also taught them the importance of knowing and sharing their feelings. As the celebration wrapped up, the little ones got big applause for their fantastic performances. The Preschool A Celebration was a special day that showed how art and expression can help us understand and share our feelings, leaving everyone with happy memories.

IDP Bali x Hult International Business School Coffee Talk Event Invitation, Saturday 20th January 2024

It is with great pleasure that we invite BIS Students and Parents to our upcoming Coffee Talk event with Hult International Business School on Saturday, 20th January 2024, from 11.00 WITA - 15.00 WITA held at Starbucks Reserve Dewata, Bali.

This event aims to give students valuable insights about studying business for undergraduate degree both in the UK & in the USA. Student will be able get

tailored support & personalised consultation from Hult International Business school.

Here's a little profile about the university for your kind reference:

"Hult is recognized by business education's three most prestigious international accrediting bodies: The Association to Advance Collegiate Schools of Business (AACSB International), the Association of MBAs (AMBA), and EQUIS (The European Quality Improvement System). They have several campuses across the US & UK

Our programs are consistently ranked as among the best in the world by the most renowned publications including the Financial Times, the Economist, Forbes, and Bloomberg Businessweek." <https://www.hult.edu/about/> (please also see attached the brochure for undergraduate as per attached).

Since the university only offers Business related major, we will be honored to host BIS students from grade 9 - 12 who have interest in business, management, marketing, entrepreneurship and other areas relating to business for their undergraduate degree.

Hult International Business School would love to have them around & have a casual discussion about business as major, future career after getting a business degree and most importantly about scholarships.

It would be very appreciated if you could confirm your participation by next week, 17th January 2024 to shania.astika@idp.com

Please do not hesitate to contact us if you require further information or if you have any questions.
